HOW IT WORKS

You don't have time to stress over your transcripts. Here's how I can make them perfect in four super easy steps.

1. Email me your PDF transcript.
2. Let me know your turnaround time (same-day to three-day turnaround available!).
3. I proof your transcript by making easily readable annotations.
4. I send your transcript back on time.

BONUS: I proofread for readability and to your preference -- which means it looks and reads just how you like it.

And that's it! Easy peasy.
